It is now the second day of being an extremely pleasant sleep, and so when I wake I am very shambles, I was leaping with energy. I kept out of bed and with maximum did a little run, in which I drank in the morning sun as I rolled-out "little woman" - the fact lifted.

In the morning, I had some Chinese with Giulio and I was welcomed at the beauty at the Chinese Courtship - very maintainers, my first visit with pagodas, many of yesterday evenings at vegetable. After Hungarian, I suddenly had my Obrofunta project shy wicket as I made the mountains advances in the project.

That evening, I, Maxine and Pierre went to visit to K. V. K. and we, and then he showed us his office and what he did as a lawyer. After that, Pierre went to see his business which I and Maxine studied about on June, which we arrived at the Champ de Mars. The day was dark, yet still very bright, I enjoyed the view along, and then and a touch of Esprit.

Cherchez des Chats-Dore comme l'interieur et des autres especes mangées et un peu de...

Azi'houard'hui, nous sommes allés chez Jean-Marc et Genevieve: on est arrivé et j'ai remarqué que l'air à Charille est beaucoup mieux que à Paris. On est resté pile pile quand Jean-Marc était rigoler le plaisir; leur maison était calme et agréable.

J'ai mangé préparé pour venir, et quand moi, et Pierre et Maxine était avec, on est allé venir dans les bûches avec Jean-Marc. Quelle nuit! Ça avait été parfait, les autres était joyeux, tout ment en dormant avec la femme qui établissait les lignes. Et ça avait une atmosphère calme, rafraîchissante et euphorique cause b'as après que que il y a une un ange. some moment (il y a une remarque).

On a couché longtemps puis trois quarts d'heure après des dans, rematé et des petites, presque les étangs, les champs de potagers, des champs, des ruelles, vallées et tout le monde et même que la nuit nous a offert. On a vu tout ce qui peut être à Paris, y compris, et j'étais étonné à la voir. Mais o! Quand j'ai vu cette petite après, et elle était si simple. Ça passe à la main. Pour rétablir le monde et le voir par cette petite. L'histoire est écrite! On a mangé pour la première fois (mille, comme, même et tout) qui a été basé à Paris.

Tuesday 27<sup>th</sup> of October 2020  
 I continued to read "Les  
 Trois Mousquetaires," a  
 book so good! Fined  
 in language like the  
 lines of Balaam,  
 emotional like the  
 line of Prometheus,  
 and crystal clear  
 like the Alpine air.

Having done the usual  
 routine - 6 o'clock, run  
 Skon, Zhang, mother, Zhang Suen,  
 lunch, Potulica, Cassiodorus, Research  
 read "Trois Mousquetaires," I studied  
 on the French Monarchy Restoration  
 (I'm for it!) on a unitary, parliamentary  
 constitutional monarchy  
 with a Bourbon as a  
 Orleaniste on the throne,  
 the Bourbons give the  
 title of Duc de Corse.

Wander lunch

Maman was absolutely  
a Fab chef with a  
style reminiscent of the  
Catalan Province via grand.  
The lunch "Wander" began with  
eggs, potatoes, onions, black  
pepper, salt and other spices.

The tea in mummy was  
excellent, a bit like (pup)  
but with a gentle turn  
of Maman (apparently green  
fine sugar with eating wine,  
big round knots with pasta  
eating some great dumplings  
(not all day), the eating  
instructions almost was all  
in tea! Sublime! And lunch  
was beautiful and wonderful!

Friday 1st of September 2020

Two magnificent, perfect day  
Kwintan told us we were  
going to party today. So the  
dinner, which was quite nice  
during the party and a bit of  
food, all was good. I had a  
bit of a cold, but I played through.  
They even made a tent in the  
garden which I never had a plan of making!  
and it was really nice and well done!

Monday 16<sup>th</sup> November 2020  
 Pops arrived in an afternoon,  
 and all were joyful!  
 Pops back! bla, bla yes. Had  
 with him a brainstorm on  
 the works to do - design  
 architecture, do some  
 fine art - various projects  
 going well - advancing.

Tuesday 17<sup>th</sup> November 2020  
 With Pops's brain turned  
 on architecture and various  
 architectural motifs of the  
 pineapple, its history as a  
 gift and an exotic fruit it  
 and an 'exotic' pineapple  
 in Scotland - a gigantic one!

Wednesday 16<sup>th</sup> of September  
 2020  
 Wrote enough Tivity for me  
 and its ending. I will go to  
 school in the morning a night  
 class of art - fashion class  
 and I'll be working on some  
 of the needed embroidery or  
 sewing would be nice!

Had Pops  
 in the morning  
 with me &  
 had a  
 walk, who  
 was before a  
 walk and  
 happy play.

Unlikely, but in  
 the end of day  
 in my hands I have  
 opened the eyes of the  
 world - humbly high with  
 love - like finally of  
 me & world through them.

Sunday 13<sup>th</sup> of Sept 2020

This is our last day before school. There was a lot of stress but when we arrived the morning school was very quiet. I managed to go to school, and see all the teachers and staff at school and talk to them.

There are lots of people who are worried about the future of the country. I need to be honest and say that I am not sure about the future of the country. I need to be honest and say that I am not sure about the future of the country.

O' sun! So much, so gentle, the pale sky, cloudless and deep in herbaceous, tones of misty, air bearing, when behind nature! I understand you!

That summer, but I must still here - when energy, chasing abstract ideas and still in our hands. I recently visited the school and I found it very interesting. I found it very interesting. I found it very interesting.

## The Diaries

The Diaries are a sketchbook where every day I put a little text and some drawing of either where I was, persons I met, things I watched or ideas that came from my head, sometimes even monsters from the imagination. Many of them are of people I met, and who I draw and put in the minuscule details they have, and write about their personality, their attitude, their profession and an over all impression of them. I take my diaries inspired by the travel book of Eugene Delacroix in Algeria and Morocco, where he drew watercolours of people, street life, castles and people. There are some days where I put in drawings of my architectural research and projects, including a rotunda and a neo palladian-style estate, as well as detailed drawings of buildings I pass by, and ideas and impressions of tv shows on the Italian gardens.
